

Profile: Pua Lay Hoon

The job(s) that keeps me going...

I graduated in 1992 and began my nursing career at Tan Tock Seng Hospital as a Staff Nurse. In 2000, I became a Nurse Educator, eventually rising to the role of Deputy Director, Nursing in the Department of Education and Practice.

In 2014, I was seconded to Woodlands Health Campus (WHC) and was appointed Chief Nurse in 2018 till now.

What I enjoy cracking my head over and learning in nursing...

- *Find better ways to nurture young nurses towards higher standards of care and professional empowerment in practice*
- *Improving the image of the nursing profession locally and internationally*
- *Career progression and job redesign especially for HCA and Nurses*
- *Challenge the current norms and improve nursing practices*
- *Retain nurses and develop new talent*

Ensuring readiness for WHC opening in 2023, including building a strong and unified team

If I have time, I would spend some/more of it in...

- *Travel and spend time with close friends and family*
- *Self-care such as having a massage and enjoying my favourite (sinful) food and whiskey*
