

Profile : Shirley Heng

'The job(s) that keeps me going...

I started my role as Chief Nurse, National Healthcare Group from 1 January 2019.

My first job as a Staff Nurse was at Singapore General Hospital in 1997 and 7 years later joined Alexandra Hospital as Nurse Manager in 2004. I had the privilege to be part of the planning and start-up team for Khoo Teck Puat Hospital from 2010.

My greatest joy in nursing is having the opportunity to develop the profession of nursing through policy decisions, talent and change management of expanding nurses' roles.

What I enjoy cracking my head over and learning in nursing...

- Change management
- Leadership and talent development of nurses for a future ready workforce
- Development of highly competent and confident nurses
- Nurses support nurses programme

If I have time, I would spend some/more of it in...
