The job(s) that keeps me going…

I started my nursing career as a Staff Nurse in Singapore General Hospital since 2004. I have been in Singapore General Hospital since then and started my role as a Nurse Clinician in 2013. I have been to various medical and surgical wards and am currently attached to a Neurology ward.

I would like to volunteer as a Mentor as I love sharing my experiences with other nursing colleagues, and at the same time, widen my knowledge from other nurses' experiences.

What I enjoy cracking my head over and learning in nursing…

- Leadership and Staff development
- Innovative nurse-led initiatives

If I have time, I would spend some/more of it in…

- *Trekking/hiking*
- *Watching movies*
- *Cooking*
