### ***The job(s) that keeps me going...***

I joined Nursing since 2002 and am now is a Senior Nurse Manager since 2015. I am in charge of a 24-bedded Acute Respiratory Ward, 56-bedded Acute Medical Ward and 10 seats in the Discharge Lounge. I am in charge of 109 nurses/ staff within the unit. My passion is in the care of the elderly and palliative cases. I take pride in leading a team which provides safe and high quality care.

### ***My Interest:***

Lessons on leadership, resilience and self- growth

Long Distance running, cooking and crocheting

### ***My Purpose volunteering for 20S***

- Sharing my experience in nursing and hopefully inspire the younger nurses to continue their passion in nursing
- Exchanging knowledge on resilience, leadership and people management
- Shared learning between mentors and mentees (different perspectives gained especially when interacting with people from different age/ organization)
- On a personal level, for networking
